

COUNSELOR REFLECTION

“SCOA Camp truly was a special, once in a lifetime experience. There really is no other opportunity that allows you to travel to a foreign country with 15 strangers and share your love of sport, all while overcoming language barriers. SCOA forces you to break out of your comfort zone and put yourself out there in ways that might not typically be in your character.”

Who are SCOA Campers?

Most of the Japanese elementary and junior high campers are beginners in English so nonverbal communication is important. The universal language of sport is ideal for communicating and making friends!

SCOA - more than a Sports Camp!

SCOA brings the American summer camp experience to Japan. Sports include football, soccer, cheer dance and basketball, but campers also experience activities such as capture the flag, water balloon toss, potato sack race, skits, talent show, campfires and S'mores.
